

PHD POSITION (65%) IN PHARMACEUTICAL/ MEDICINAL CHEMISTRY (DECKER LAB)

The Chair for Pharmaceutical and Medicinal Chemistry at the Institute for Pharmacy and Food Chemistry at Julius-Maximilians-Universität Würzburg (JMU), Germany, is inviting applications for a PhD position in Pharmaceutical/Medicinal Chemistry. Funding is supported by the German Research Foundation (DFG) for three years based on a photo-pharmacological project.

The position is part time (65%) and remuneration will be according to the "Tarifvertrag für den öffentlichen Dienst der Länder" (collective agreement for the public service of German federal states, TV-L).

You will get the opportunity to work in an international team on an up-to-date topic in medicinal chemistry and present your work in an international environment.

This can also include a research stay at one of our international collaborators' labs.

The applicant should:

- have interest in developing and/or applying novel chemical probes to investigate biological functions,
- have sound knowledge of organic chemistry, both in theory and in the lab,
- have a strong interest in interdisciplinary work and commitment to work in Life Sciences,
- be self-motivated and able to work independently,
- and possess good knowledge of English.

The following documents are required for your application:

- one-page letter of motivation,
- CV and degree certificates,
- letter of reference or email address of a putative referee.

Application deadline: June 30th, 2025

**Please send your application to:
Univ.-Prof. Dr. Michael Decker**
